

Win a Polled Red Heifer!

Stub-RF Olivia-Red EX-90 EX-MS
2nd Dam of #PolledPrize Heifer

Manannah Pride-P-Red-TW is the heifer we decided on for the #PolledPrize at our sale and celebration of 40 years of Manannah-Valley and 5 years of #PolledPlace. Here is a little history of this heifer and Manannah-Valley and #PolledPlace working together.

Manannah-Valley has always said, "Don't sell a herd sire you would not use for yourself." This heifer came to be through a few herd sires and purchases on the maternal side. When our friend Stub quit milking, her grand-dam Olivia came to our farm. One of the sires in this pedigree traces back to one of Stephanie's foundation cows and this heifer also goes back to Spruce Shadows, which was the foundation of Manannah-Valley. The sire of Pride-P is one of the first young sires I added to the tank at Select Sires after starting there, and is one of the most popular Homozygous Polled bulls we have. There are 3 Master Breeders from Canada on the maternal side as well. Pride-P's twin sister is owned by Hannah Hammerly, Joel and Stephanie's daughter. ~ John
