The Mark of Pure Performance

It starts with elite genetics. But it’s not just outstanding yield and quality. Through teamwork and production expertise, only the purest seed arrives at our accredited facilities for processing, testing and quality assurance. Only the best earn this badge. And our best leads to your healthiest herd.

- Increased Yield
- Better Nutrition
- More Milk Per Acre

Caring for dairy cattle is at the heart of who we are

Join the Dairy Cattle Welfare Council as we bring the dairy industry together for the well-being of our dairy herds.

Our mission is to advance the care and treatment of dairy cattle by bringing the dairy industry together to inform, educate and support continuous improvement of animal well-being on dairy farms.
